

**CITY OF COLLEGE PARK, MARYLAND
REGULAR MEETING AGENDA ITEM**

AGENDA ITEM: 22-O-01

Prepared By: Robert L. Marsili, Jr.
Director of Public Works

Meeting Date: 02/8/2022

Presented By: Robert L. Marsili, Jr.
Director of Public Works

Proposed Consent: N/A

Originating Department: Department of Public Works

Action Requested: Introduction of Ordinance 22-O-01 to amend §119-6 of the City Code to amend Chapter 119 to count bulk trash collections based on a fiscal year, instead of a calendar year, which reflects actual City practice and conforms to the billing cycle for bulky trash in 110-1, Fees and interests.

Strategic Plan Objective: Innovate and improve City services to enhance quality, value, and accessibility for all our residents.

Background/Justification:

In 2021, the Mayor and City Council completed the revision of Chapter 119, "Refuse, Solid Waste and Special Trash", to adopt certain improvements to the City's solid waste collection process. At the time, it was determined that each property was entitled to up to four bulky trash collections a year. The wording in §119-6(b) authorized the collections on a calendar year basis. However, it was intended that this be calculated on a fiscal year basis, which has been City practice and conforms to billing cycles established in Chapter 110-1, Fees and interests. This change is non-substantive and corrective only.

Fiscal Impact:

None.

Council Options:

1. Introduce Ordinance 22-O-01 and schedule the Public Hearing for February 22.
2. Not introduce Ordinance 22-O-01

Staff Recommendation:

Option #1

Recommended Motion:

I move to introduce Ordinance 22-O-01, to adopt a corrective amendment to §119-6(b) to count bulk trash collections based on a fiscal year, instead of a calendar year, to reflect actual City practice, and conform to the billing cycle for bulky trash in 110-1, Fees and interests. The Public Hearing will be held on February 22 at 7:30 p.m.
